Subject: RE: Correction to revised list

I just received electronic service from the representative of IID (Allan, Matkin, et al.), why won't they accept service by the same means.

Subject: Correction to revised list

It has come to my attention that SWRCB letter of March 4, transmitting the list of parties to exchange information, incorrectly indicated the Imperial Irrigation District as one of the parties who agreed to receive electronic service. Please note that the Imperial Irrigation District's Notice of Intent to Appear did not indicate that they would accept electronic service. I apologize for any inconvenience this error may have caused.
